Dear Community,

We have over the past few months been warning our community about armed criminal gangs operating in the Sandton area. These two gangs are causing havoc in Sandton and surrounding policing districts. As mentioned previously, the one gang targets mainly woman driving alone and mostly in expensive cars. The second gang is what we refer to as the "bogus cop" or "blue light gang". This gang use a variety of vehicles at different times in which to commit their crimes. What they do have in common however is that up to now ALL these vehicles have been VW Golfs of some kind. Black Golf; White Golf; Silver Polo; Charcoal Golf. With the exception of the Polo all the Golfs have been new or fairly new high powered vehicles. Golf5; 6; 7 and Gti.

**THEY HIT SUNNINGHILL:** On Sunday the 6<sup>th</sup> of April a resident of Sunninghill and her husband were travelling back from Sunninghill Village Shopping centre and had just turned right from the K60 into Nanyuki Road when a Charcoal, brand new Golf 7 with blue lights hooted at them and forced them off the road. The suspects identified themselves as special unit police claiming they want to carry out routine searches. Thereafter they held them up and told the victims not to look at them. They then proceeded to rob them of their valuables, jewellery etc. This all happened at around 15h00. A short while later this same gang performed another robbery with fire arm in Bryanston.

**THIS IS A WARNING TO RESIDENTS AND THE ENTIRE COMMUNITY TO BE AWARE OF YOUR SURROUNDINGS**, especially now until these thugs have been apprehended. As mentioned so far always a VW Golf or Polo. There are generally either 3 or 4 men in the vehicle. They are armed and considered dangerous and if you are pulled over by them, **DO EXACTLY AS THEY TELL YOU AND DO NOT TRY AND BE A HERO OR BRAVE.**

If you notice a Golf of any kind behind you in Sunninghill with 3 or 4 occupants, don't wait for the blue light, press your Suncomm Panics immediately so Savika can send their vehicles (JUST IN CASE). If you don't have a Suncomm Panic now is the time to get one – visit [www.sunninghillnews.co.za](http://www.sunninghillnews.co.za) and on the right you will find a link TAKE ME TO: Suncomm Remote Panic – info and registration. If you need to know anything more about the panic, email me on [panic@suncomm.co.za](mailto:panic@suncomm.co.za) or [security@suncomm.co.za](mailto:security@suncomm.co.za)
